

WE DELIVER A NEW BUILDING EVERY DAY SINCE 1998

The LLENTAB GROUP designs manufactures and markets multifunctional steel buildings for a wide range of industries and purposes. commitment to quality flexibility and service that will take us there.

The LLENTAB Group designs manufactures and markets multifunctional steel buildings for a wide range of industries and purposes. The LLENTAB concept for steel buildings is widely acclaimed for its efficient construction high quality and adaptability to different needs and demands. A flexible choice for customers with visions they tell us their dream we materialise it with steel. Collaborating with us at LLENTAB gives you a number of advantages. Besides all our resources and capabilities in planning manufacturing and assembly we can customise our buildings. All parts of the construction are prefabricated in our modern and efficient production units in Europe.

The story goes back to 1972 and in the middle of the events stands the Lindblad family. The beautiful surroundings of Bohuslan on the Swedish west coast play a leading part too. It is the environment and the spirit that has shaped us into what we are today. Values such as quality trust flexibility and commitment come from our heritage. Now they are built into every product we deliver. Here we tell our story from a small construction company to a growing international group with subsidiaries in Norway Poland Germany the Czech Republic Slovakia and Ukraine. A group in which family the natural surroundings and environment of Bohuslan and steel make all the difference.

THE TOUGH CLIMATE MAKES FOR TOUGHER SOLUTIONS

We are continuously improving our business and processes. If you have met us you know we are a downtoearth company. A company focused on getting things done. We are moving forward in our own way. Our strategy is as clear as our daily work is effective. We have the courage to aim high and the humbleness to take us there. We aim for a marketleading position and we know that it is our strong product concept and our commitment to quality flexibility and service that will take us there.
